

Job Description

Environmental Science/Engineering Student

Classification Title: Engineering Co-op

Job Posting: September 17, 2013

Closing Date : 11:00 p.m. MST on September 29, 2013

Number of Openings (up to): 1 - Student Position Full-time

Union : Out of Scope

Department: Engineering Services (Transportation Services)

Work Location(s): Engineering Services Building, 11004 190 Street NW Edmonton T5S 0G9

Job Number: 14466

This opportunity is intended specifically for a post secondary Environmental Science or Engineering Co-op student for up to 8 months in duration commencing in January 2014.

The Engineering Services Section in the Transportation Services Department has a unique opportunity for you to come work with a team of highly professional and diverse scientists and engineers and support the progress on a variety of environmental and geotechnical projects. By the end of your term, you will have experience with:

- Working with the Environmental Specialist in evaluating subsurface environmental conditions expected to undergo major construction or revitalization
- Research of internal and external sources for environmental information
- Writing summaries of environmental conditions
- Accurately updating environmental and geotechnical details into databases
- Assisting with collection of water and soil samples
- Providing assistance on environmental projects
- Working within the guidelines of industry Acts, Regulations and City of Edmonton Bylaws
