NUST MISIS International Summer School

MATERIALS AND TECHNOLOGIES

About Us

INTERNATIONAL SUMMER SCHOOL “MATERIALS AND TECHNOLOGIES”

The National University of Science and Technology MISIS (NUST MISIS) invites you to participate in our fun and educational short-term program during the summer, the most wonderful time to visit Moscow and discover Russian culture and history.

The NUST MISIS main campus is located close to the city center, only 10 minutes from the Moscow Kremlin. Summer school participants are offered to stay at a comfortable residence hall, located 20 minutes from the main campus.

To help students socialize and explore the charms of our capital, we offer a social events program, which includes a city tour, visits to companies as well as picnics with national cuisine, outdoor activities, etc. In addition, we have prepared a special cultural program for more demanding adventurers to get a taste of our traditions and cultural heritage by visiting interesting sights such as Sergiev Posad, the Kremlin, Gorky Park, etc.

Summer School

ACADEMIC PROGRAM:

- Material selection
- Materials from design
- Materials characterization
- Materials and technologies of digital design (3D printing)
- IT for material science
