Participation requirements

Module 1 includes 5 mandatory presence workshop days, complemented by flexible online assignments and work shadowing during the semester. If you sign up, please make sure that you are able to attend all the appointments.

A prerequisite for your participation is also the teaching activity during the winter semester 2018/19. If you don't have the possibility to teach your own course during this time, it is absolutely necessary for the realization of the practical phase that you substitute at least one seminar, lecture or practice session in a colleague's course.

Costs

Employees of the HDS member institutions are financially supported by their institution, so that you do not have to pay any participation fees in module 1 (if necessary only travel expenses). For lecturers of other institutions or freelance lecturers the participation fee is 650€. These will be invoiced at the beginning of the module.

Data Privacy Statement

By registering for the further training, you are giving your consent that the collected data remain stored at the HDS even after completing the booked course for the purpose of professional supervision and the delivery of information material. You can withdraw your consent relating to the storage of your personal data at any time in written or electronic form.
